UAN Meeting  
October 20, 2021

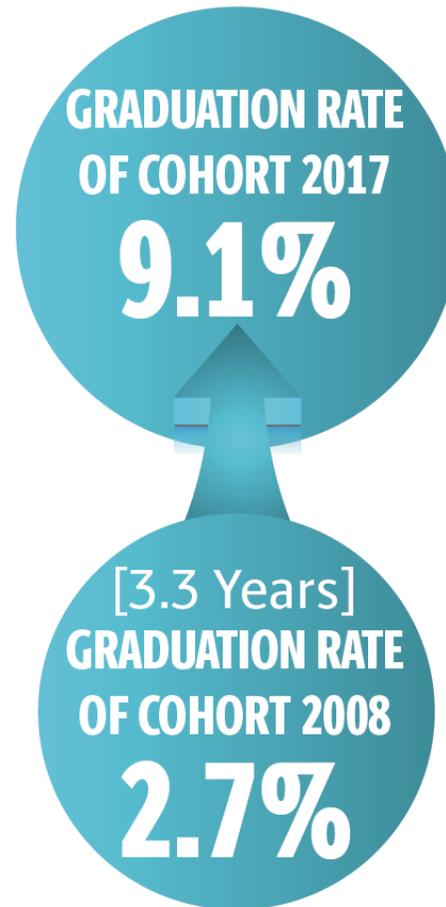

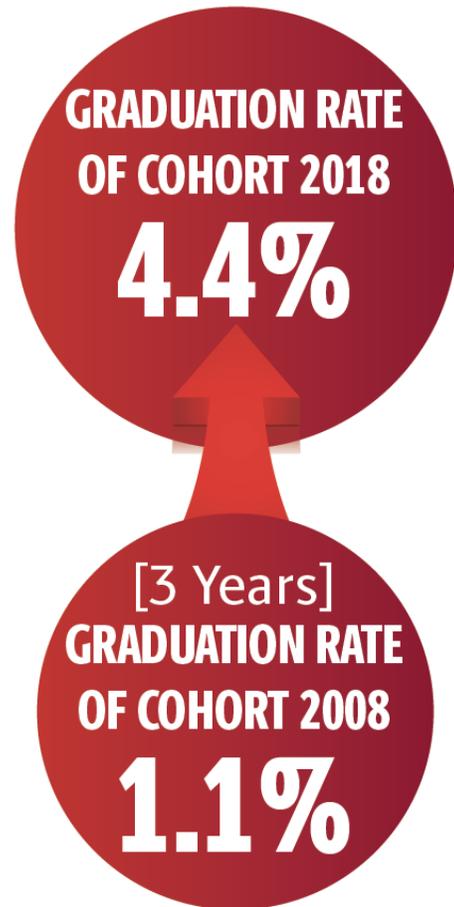

UNIVERSITY OF  
**South Carolina**

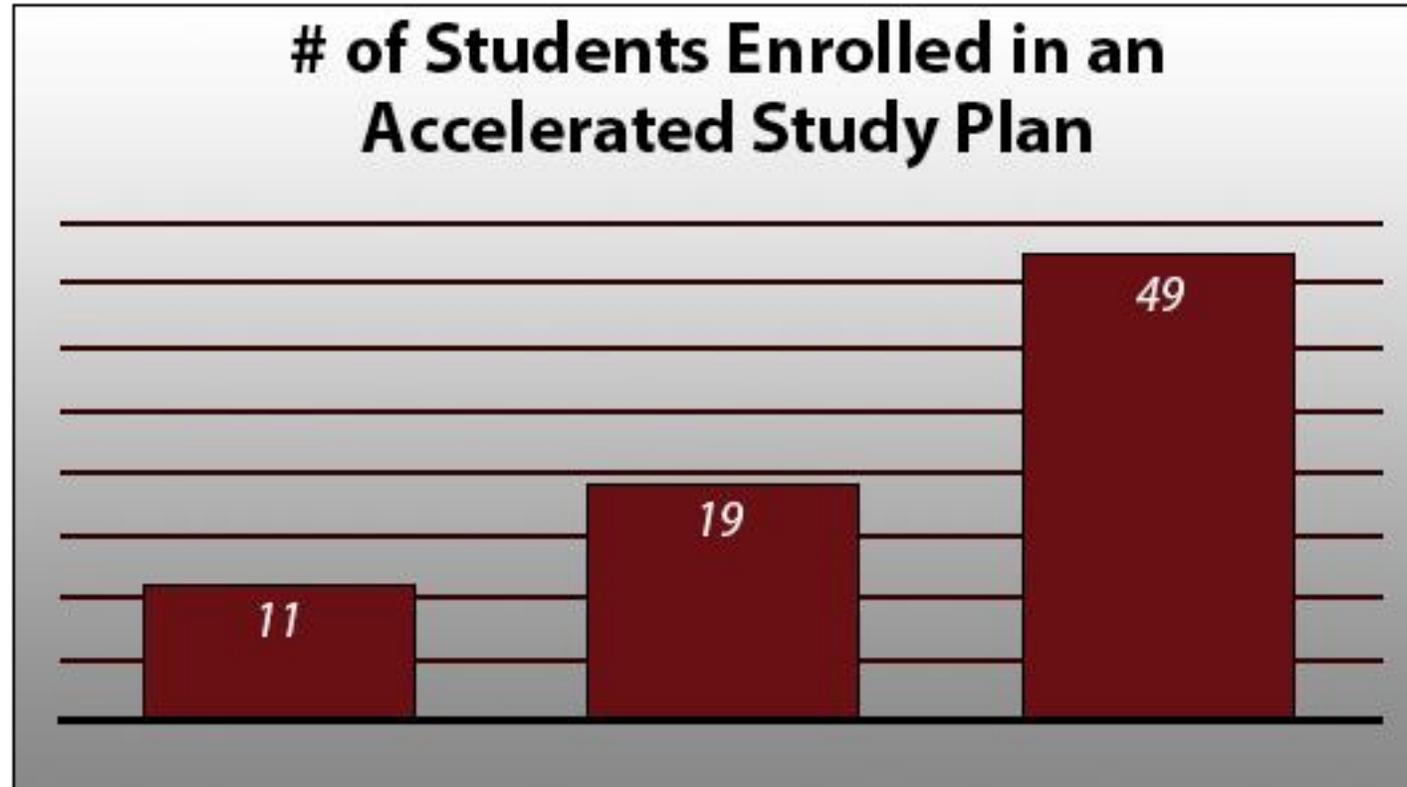

# TABLE OF CONTENTS

- 3 & 3.3 Year Graduation
- Accelerated Study Plans
- Winter Session
- Summer Semester
- Summer Minors

# 3 & 3.3 YEAR GRADUATION RATE GROWTH

# INCREASE IN NUMBER OF ASP STUDENTS

# ASP GRADUATE UPDATE

## Chase Jones

*BA, Sport and Entertainment*

“I wanted to graduate early to take advantage of my high school credits and save a year of schooling, knowing I wanted to go to post grad as well. I am now committed to attending Florida State College of Law in Fall 2021. I am very grateful I had the opportunity to graduate in 3 years.”

# ACCELERATED STUDY

“I am a planner so having a full three-year plan since my first semester has been very helpful, and I only have to make little adjustments along the way. I plan to take a gap year and then attend PA school. Graduating in three years allows me to take a gap year without delaying my career trajectory for my age.”

- Melinda Busman, Senior

“After graduation, I will be traveling to South Africa for volunteer veterinary work, and then I plan on applying to vet school. Thanks to the On Your Time program, I graduated two semesters early. They helped me out so much, and I highly recommend reaching out to them.” - Allison Krensavage, Biological Sciences

# ACCELERATED STUDY PLANS

## Accelerated Study Plans Include

- Tailored academic advising
- Robust summer study and/or winter courses
- Priority registration for classes
- Advocates who work with departments for accommodations

## Potential Benefits of Graduating Early: For Your Students

- Potential Financial Savings
- Enroll in a Masters or Professional School quicker
- Enter the job market sooner
- Begin earning a salary
- Take a gap year before graduate school
